Questions & answers from the Mandatory pre-quote/site visit of 1/26/2021:

- What is the weight limit of the bridge?
 - The bridge was constructed a while back, and the City believes the weight limit is an H20 truck.
- Who will repair the driveway that will be used to access the site?
 - The driveway that will be used as access will be taken care of by the Public Works Department, as needed, during the construction and after the construction is complete as determined by the NRCS inspector and the City of Johnson City.
- Will a bid bond be required?
 - The project is a quote project, so no bid bond will be needed. Since the project is such a small project, no payment bond and no performance bond will be required.
